

YES, WE NEED YOUR HELP!

**PLEASE DONATE FOR
CHILDREN AND YOUNG
PEOPLE WITH DISABILITIES**

ABOUT THE ORGANIZATION

“Open the Windows” is the sole organization in North Macedonia and the wider region that is entirely focused on promoting assistive technology for children and youngsters with disabilities. Since its establishment in 2005, Open the Windows grew into recognizable and respected organization that uses technology as a tool for fostering the inclusion of persons with special needs. Led by the vision of a “world of equal and active people who use technology for personal development, improvement of quality of life and furthering community wellbeing”, the association strives to fulfill its mission to “to initiate and facilitate active inclusion of all people in the contemporary world through assistive technology use.”

OUR WORK

- Open the Windows is an all-inclusive organization that provides support for children and youngsters with disabilities on a national level.
- Our Center for Assistive Technology that operates within the "Open the Windows Association" offers the following services: direct customer service (special education and speech therapist), consulting-advisory support with outside collaborators (schools, professional services, teachers) and work with families of users.
- The team of experts at the center is consisted of 4 special educators in special education and 1 speech therapist.
- Currently our Center for Assistive Technology in Skopje is visited by 60 users of different age and different type of disability.
- Every treatment that our customers receive is customized to each individual's needs and abilities.
- The center is attended by children with Cerebral Palsy, Autism, Down Syndrome, Dyslexia, speech difficulties, blind and visually impaired children, children with learning difficulties.

DONATIONS

With donations from the past we have succeeded in providing FREE education with a special educator and speech therapist to over 400 children and youth with special needs. This year our organization celebrates the 15th birthday of successful operation and our goal is to collect funds so we can support FREE education for ALL people that need our care. Taking into consideration that having a family member with a disability is a condition that requires long-term financial support our free service means a lot to the families. Of course, none of that would be possible without the support from the generous and social responsible community that wants to support our work.

If you become an angel donor for one, two, three or more users in our center - you would greatly ease the budgeted expenses on their families.

The annual education fee these families pay for a child costs 1,200 euros. You can choose how many children with disabilities you are willing to fund.

**OUR GOAL IS TO PROVIDE FREE EDUCATION
AND WE NEED YOUR SUPPORT!**
